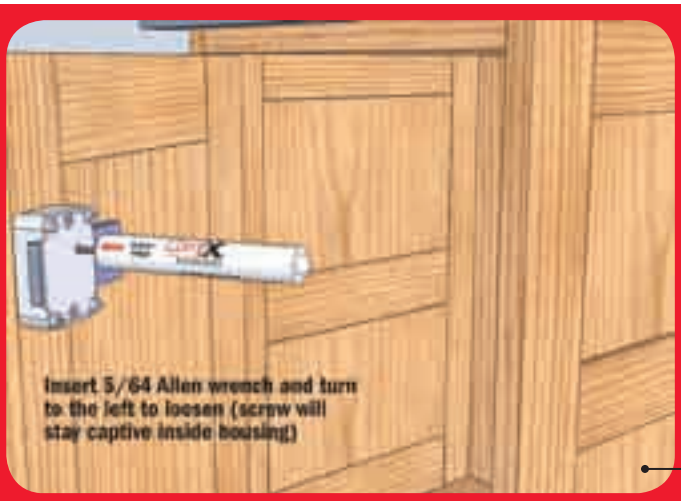
THE INDUSTRY'S QUICKEST REKEYING FEATURE!

ADVANTAGE™ +PLUS

Available on CompX National Pin Tumbler Locks



The Advantage PLUS+ feature allows you to remove the cylinder from our pin tumbler box locks while the lock remains in place.

No mounting screws need to be removed. Simply use a 5/64" allen wrench from the back of the lock to remove the cylinder and plug for re-keying.

National pin tumbler locks are available in different finishes and keying options. Locks will key up with any other National pin tumbler lock using the D4291 key blank.

Available from CompX National or from a local distributor. Contact National for help locating a distributor near you.

Part #	Installation	Cylinder Length
C8173	Door	7/8"
C8174	Door	1-1/8"
C8178	Drawer	7/8"
C8177	Drawer	1-1/8"
C8179	Drawer	1-3/8"
